New Business

- Mr. Rob Marmet with the Piedmont Environmental Council spoke to the ARB generally regarding power projects and review of such projects in Virginia and specifically about the new Dominion Power project (Warrenton Wheeler Gainesville 230 kV Reliability Project). There was a thought to pursue writing a letter to the BOS that would list the impacts to the County's cultural resources for each proposed route, which may help the County solidify its formal response for the project.

Old Business

- Plans were finalized for the Virginia Archaeology Month public workshop (October 11 & 12), Friday night presentation at the AAHA in The Plains and the Saturday public open house on Bull Run Mountain. Ms. Root, Ms. Broaddus, and Mr. Philips plan to attend the Saturday event and bring tents, chairs, water, and warm apple cider.

Announcements – Key dates, times, and locations were announced for upcoming events.

The next regularly-scheduled ARB meeting will be held November 6, 2013.

There being no further business, the meeting was adjourned at 5:45 p.m.
